## **CIP UPDATE**

### **MORGAN STREET BRIDGE RECONSTRUCTION**

On March 5, 2012 construction resumed on College Ave. from Seminary St. to Kishwaukee St. Work will consist of the installation of water main, storm sewer, and other related underground utilities. Additional underground work is being performed on Seminary Street from Division Street to Bremer Street.

### **BUCKBEE STREET RECONSTRUCTION**

On April 16, 2012, as part of the Rockford Junction Consolidation Project, reconstruction will start on Buckbee Street between Kishwaukee Street and Seminary Street approximately 200' east and 150' west of the railroad crossing. Work will consist of re-profiling the existing street, new curb and gutter, sidewalks, and storm sewer work. Buckbee Street will be open to local traffic only and there will be a marked detour for other traffic. Construction should be complete by the end of May weather permitting. Please use extreme caution when driving in this area.

For questions concerning these projects, please contact  
Martin Ruvolo at 815-961-3772.
